Financial Wellbeing

Tuesday

10:00– 12:00
Charleston

FREE!

No Fees! This course is funded by Dundee City Council.

Qualifications Scotland Accreditation

Unaccredited

This Financial Wellbeing programme is not about how much money you have. It helps you feel more in control, confident and ready for life. Everyone is welcome, whatever their starting point. You will look at your money habits, beliefs and situation, and learn how money choices can affect your health, relationships and peace of mind. Together, we will explore spending, money services you can trust and safe ways to manage money online. If numbers feel difficult, that is okay. You will get friendly support with simple budgeting and saving, then make a personal plan that fits your life, values and goals.

This programme supports progression to on to other adult learning course delivered by the Dundee Adult Learning Partnership such as Practical Maths 3 or Communicate with confidence.

The Parent and Child Maths Homework Club, is a supportive and engaging space where families come together to make maths learning fun and effective.

Maths can sometimes feel daunting, but with the right support, it can become a subject that children, and parents, feel confident and capable in. This club is designed to help you:

- Build confidence in maths for both children and adults.
- Support homework with practical tips and strategies.
- Strengthen the home-school connection.
- Reduce stress and anxiety around maths.
- Improve understanding and attainment through regular, supported practice.

Whether you're confident with maths or not, this club is for everyone. It's a relaxed and friendly environment where learning happens together.

ICT 4

Thursday

13:00 – 15:00
Menzieshill

FREE!

No Fees! This course is funded by Dundee City Council.

Qualifications Scotland Accreditation

ICT Core Skills award at SCQF level 4

- This course helps learners build the digital skills needed for everyday life, learning and work. Learners will learn how to use computers and other digital devices to find, create, organise and share information. They will use software to complete tasks, search for information online, and choose information that is useful and reliable. The course also teaches safe and responsible use of technology, including how to protect personal information and keep digital records secure. By the end of the course, learners will be able to use ICT confidently, independently and effectively in a range of real-life situations.
- The SCQF level 4 programme supports progression to further education and study.
