Section 1: Welcome and Vision

Dear Parents,

At Craigiebarns, we work together to create a happy, safe and inclusive learning environment where all learners are challenged to achieve their best and develop skills for learning, life and work.

Working in close partnership with families is vital to achieve this vision. As such, we hope to involve you as fully as possible in your child's learning, school activities and improvements.

The school is located in a particularly lovely location in the Craigiebank area of Dundee. We benefit from a large playground including a grass pitch and woodland area for the children to enjoy.

The school role is 350 and we have a Nursery with 40 available spaces.

Craigiebarns also has an Enhanced Support Area (ESA) which provides special provision for children who have a Visual Impairment. The ESA is staffed by Visual Impairment Specialists from the Accessibility and Inclusion

Service (AIS) who have undertaken extra training. They work together with mainstream staff to meet the needs of individual pupils. If you wish to find out more about our ESA, please contact the school.

This handbook is designed to give you as much information about the school as possible. Should you require any further information or have any queries, please contact the school office.

I look forward to working with you throughout your child's time here.

Yours sincerely

Karen Clarke
Head Teacher

Section 2: School Ethos

Craigiebarns is a caring and welcoming school whose staff work hard to support every child, irrespective of background or learning need. We seek to develop an ethos of achievement and ambition, striving for every child to achieve their best and to develop skills for learning, life and work.

Successes and achievements both within and outwith the school are valued. These are recognised and celebrated through Class Dojo, weekly assemblies, newsletters, prize-giving and reports to parents.

We work in partnership with parents, sharing learning and offering advice on how this can be supported at home. There is an active Parent Partnership Group who are engaged in the school and committed to seeing it flourish and achieve its vision.

Children's experiences are enhanced by strong links with our local community. We are particularly fortunate to have Dundee and Angus College on our doorstep; students help children to develop skills in a number of sports including cycling. Active Schools and Funky Feet also work closely with us and run clubs in the school to the benefit of the children.

We encourage our children to think of others. Throughout the year money is raised through dress down days and retiring collections for various charities such as Dundee Foodbank, Children in Need and Save the Children.

Craigiebarns Primary benefits from close working relationships with its cluster primary schools and Craigie High School; we work together to promote a continuous and progressive learning experience for all of our learners.

Section 3: School Information

For the first three weeks in the first term (August – early September), Primary 1 will be dismissed at 12.15pm.

Office Hours

The school office is open from 9.00am until 3.15pm.

Please help us by making routine telephone calls within office hours. The answering machine is switched on for your convenience when the school office is unmanned. Please do leave a message and we will return your call as quickly as possible.

Parents can also contact the school by letter, e-mail or can come in to the school office in person to make an enquiry or to arrange an appointment.

The school communicates with parents via Class Dojo, e-mails, text messages, notes, parent evenings, reports, newsletters, twitter and our website.

Class Organisation

The organisation of classes may vary from year to year dependent upon certain factors such as the school roll and the number of teachers allocated to the school that session.

At any stage of the school, pupils may be in a straight class which comprises of pupils from the same stage e.g. all Primary 2 pupils or they may be part of a composite class which comprises of pupils from more than one stage, for instance a class with some Primary 2 and some Primary 3 pupils.

You should be confident that the professionalism of the staff in the school will ensure that your child will always work within a programme appropriate for his/her age, ability and aptitude.

Section 4: School Policies & Practical Information

School Uniform

There is an expectation for all pupils to wear the correct school uniform. This helps us in our aim of encouraging children to take a pride in their appearance and to have respect for their school.

BOYS	GIRLS
Grey trousers or shorts White or grey shirt with school tie White or red polo shirt Grey or red jumper or sweatshirt	Grey skirt, pinafore or trousers White blouse with school tie White or red polo shirt Grey or red jumper or sweatshirt
Please note that football strips are not to be worn. All items of clothing should be labelled. This assists greatly in recovering lost property.	

School Clothing Grants

If you are in receipt of Income Support, Job Seekers Allowance - Income Based, Income Related Employment and Support Allowance, Universal Credit (where take home pay is less than £610 per month), Support under Part VI of the Immigration and Asylum Act 1999, Housing Benefit, Council Tax Reduction or Child Tax Credit with an income of less than £16,105 (as assessed by HMRC), you may be entitled to receive a grant towards the cost of buying essential clothing to enable children up to the age of 16 to attend school.

Grants are paid directly into the applicant's bank account or paid by cheque only where the applicant does not have a bank account.

The current value of a Clothing Grant is £100 per child.

Applications forms can be submitted online:

www.dundee.gov.uk/eduforms

Section 4: School Policies & Practical Information

School Meals

School lunches cost £2.15 per day and all children are provided with a lunch menu by Tayside Contracts.

All children staying for lunches within school will eat in the dining hall. Safety flasks containing hot food may be brought to school, but not the glass vacuum type, which may be dangerous, as they are liable to break. Glass bottles should not be brought to school.

Please inform us in writing if your child has any special dietary needs so that arrangements can be put in place to accommodate their needs.

The dining room is supervised by support staff at all times. Please note that the school does not approve of pupils going out of school to buy their lunch due to safety reasons.

Free School Meals

Free school meals are available to all pupils whose parents receive Income Support, Job Seekers Allowance - Income Based, Income Related Employment and Support Allowance, Universal Credit (where take home pay is less than £610 per month), Support under Part VI of the Immigration and Asylum Act 1999, Child Tax Credit ONLY with an income of less than £16,105, or BOTH Child Tax Credit and Working Tax Credit with an income less than £6,900 (as assessed by HMRC).

Applications forms can be submitted online:

www.dundee.gov.uk/eduforms

Instrumental Tuition

Tuition fees are currently free and instrument hire is £85.00 per year.

Section 4: School Policies & Practical Information

Payments to Schools

The school currently accepts payments online, using a secure website called ParentPay, for items such as school meals, trips and uniforms. The ParentPay system is easy to use and offers parents the freedom to make payments by debit or credit card, whenever they like, ensuring that monies reach schools safely and securely.

The system helps to remove the costs associated with having to manage cash securely on school premises and it frees up time to better support the smooth running of the school. We will of course continue to accept cash and cheque payments as necessary but we do hope that parents will use the new online facility. The more parents use the service, the greater the benefit to the school, the parents and the pupils alike.

If you already have a ParentPay account you don't have to do anything. If you haven't yet activated your ParentPay Account, please contact the school office who will reprint your activation letter to enable you to set up your ParentPay account ready for the start of the new term.

Emergency School Closure Procedures

In exceptional circumstances the school may be unable to function normally. The school may be affected by severe weather or power failures. We shall do all we can to let you know about the details of closure and re-opening through the local radio, press, text messages and letters home. You can be assured that we will never send a child home without first checking that there is an adult at home.

Enrolment & Placing Requests

If you wish to apply for a school place, whether you are moving into Dundee or moving between two Dundee schools, you are required to complete a placing request form. To do this, you

Section 4: School Policies & Practical Information

should go direct to the school you wish your child to attend and apply there. The child's full birth certificate and a proof of address, in the form of a Tenancy Agreement, Council Tax book or recent (within two months) utilities account must be shown. If you are moving into the area, applications can be made 4 weeks prior to your arrival. Applications are dealt with in date order and the process may take up to 60 days.

Parents of prospective Primary 1 pupils who reside in the school's catchment area are asked to register their child's name at the school office between December and the February of the year the child starts school. The child's full birth certificate and a proof of address, in the form of a Tenancy Agreement, Council Tax book or recent (within two months) utilities account must be shown.

Parents of children living outwith the school's catchment area, who wish their child to attend the school, are asked to make a placing request. Forms can be obtained from Customer Services, 50 North Lindsay Street, Dundee.

Prospective parents who wish to come to see the school are invited to telephone the school office to make an appointment to visit.

School Absence procedures

Please contact the school as soon as possible if your child is absent. Please send a note to school with your child on their return explaining the reason for the absence.

If your child is absent and no contact is made by you, a text message will be sent from the school. If three days pass without explanation for an absence an School and Family Development Officer will arrange to visit you and your child at home.

Section 4: School Policies & Practical Information

The following points are included in the Education Authority's Attendance Initiative

- If your child is ill and cannot attend school please contact the school before, or as soon as possible after 9.00am on the first day of absence.
- If the absence is planned, e.g. a hospital appointment, we ask you to let us know prior to the absence.
- If your child is absent for more than three days please call again or write to tell us.
- If you have not contacted the school to say your child is absent and have received a text message please contact us as soon as possible.

Regular attendance at school ensures your child is receiving the continuous education they are entitled to. Dundee City Council asks that, where possible, parents do not take children out of school for family holidays during term time. In accordance with Scottish Executive guidelines for pupil attendance, most holidays are recorded as unauthorised unless there is proof from an employer that this is the only time when holidays could be taken.

A guide for parents about school attendance explains parental responsibilities with regard to children's attendance at school – <http://www.scotland.gov.uk/Publications/2009/12/04134640/0>

Appointments

If your child has an appointment during the school day or needs to leave school for any other reason, please put this in writing. We would appreciate it if routine appointments could be made outwith school hours but understand that this isn't always possible.

If your child does need to leave school during the school day they must be collected by a parent/carer at the main reception. In the interest of safety we cannot allow children to leave the school unaccompanied.

Section 4: School Policies & Practical Information

Accidents/Illness at School

In the event of a child having an accident or becoming ill at school we will attempt to contact the parents so that they can collect the child from school. However, if we cannot contact the parents, we will contact the Emergency Contact whose name and telephone number should be given to us by the parents.

Therefore it is very important that parents inform the school of the name, address and telephone number of the Emergency Contact and advise the school immediately of any changes that occur.

General Safety

1. Pupils are not allowed to leave the school grounds during interval
2. Pupils staying for school lunches or packed lunches must not leave the grounds during lunch time
3. To ensure the safety of all children, children should behave responsibly both in the playground and within the school

Promoting Positive Behaviour

At Craigiebarns, high standards of behaviour contribute positively to a safe, happy and welcoming learning environment.

The following are the aims of our policy and practice:

- to promote positive behaviour in the classroom, playground and wider community
- to encourage respect and a sense of responsibility towards others
- to develop partnerships in promoting positive behaviour with pupils, parents and staff

Section 4: School Policies & Practical Information

A whole school policy is in place for the school, as a consistent approach helps to embed high standards across all stages.

To support our children in becoming responsible citizens we have a positive approach to behaviour management. This approach is based on class rules, rewards and consequences.

School Concerns and Complaints Procedures

If you want to talk to your child's teacher or a member of the senior staff it is generally better to make an appointment. This ensures that the member of staff is available, that classes are not disturbed and that pupils' lessons are not affected.

If you have made a complaint to the school and you are not satisfied with the outcome, you can have your complaint reviewed by a senior officer in the Education Department.

Education Department publications can be found at:

<http://www.dundecity.gov.uk/department-publications/Education>

Section 5: Parental Involvement

Close co-operation between the home and school is vital and parents are invited to contact the school to arrange an appointment whenever problems occur, or advice is needed. This partnership is, of course, a two-way process.

Class Dojo creates a positive link between school and home. It gives parents/carers regular information about what their child is learning in different areas of the curriculum, ideas on how this can be supported at home, photographs and videos as well as reminders of school events.

Two Parent Interviews are held during the school year, usually in September and March. These are opportunities for you to discuss your child's progress in learning with their teacher.

We also encourage parents to join us for open events, concerts, selected assemblies, drama productions, fund raising events and curriculum information meetings arranged from time to time. We further value your assistance on our school trips and in helping with a range of other school activities.

Section 6: The Curriculum

Curriculum for Excellence 3-18

Curriculum for Excellence has been introduced to raise standards of learning and teaching for all pre-school to 18 year olds. It aims to help prepare children and young people with the knowledge and skills they need in a fast changing world. As part of Curriculum for Excellence all children from pre-school to the end of S3 will receive a rounded education known as a Broad General Education. Curriculum for Excellence is all about bringing real life into the classroom and taking lessons beyond it.

Through the experiences we provide we want our children to become Successful Learners, Confident Individuals, Responsible Citizens and Effective Contributors. We are committed to providing children with a broad general education and focus on eight curriculum areas.

Expressive Arts	Health & Wellbeing	Languages	Mathematics
Religious & Moral	Sciences	Social Studies	Technologies

Progress in learning is indicated through curriculum levels as detailed below.

Level	Stage
Early	The pre-school years and P1 or later
First	To the end of P4, but earlier or later for some
Second	To the end of P7, but earlier or later for some
Third & Fourth	S1-S3, but earlier for some

Expressive arts: The inspiration and power of the arts play a vital role in enabling our children and young people to enhance their creative talent and develop their artistic skills.

Health and wellbeing: Learning in health and wellbeing ensures that children and young people develop the knowledge, understanding and skills which they need now and in the future to help them with their physical, emotional and social wellbeing.

Section 6: The Curriculum

Science: Science and its practical application in healthcare and industry is central to our economic future, for our health and wellbeing as individuals and as a society.

Social Studies: Through social studies, children and young people develop their understanding of the world by learning about other people and places both past and present, societies, their beliefs and values.

Religious and moral education: Religious and moral education includes learning about Christianity, Islam and other world religions, and supports the development of beliefs and values.

Languages: Knowing other languages and understanding other cultures is a 21st century skill set for students as they prepare to live and work in a global society.

Mathematics: Mathematics equips us with the skills we need to interpret and analyse information, simplify and solve problems, assess risk and make informed decisions.

Technologies: The range of subjects in technical education has changed significantly over the last two decades and now includes craft, design, engineering and graphics.

Section 6: The Curriculum

Getting it Right for Every Child (GIRFEC)

The GIRFEC approach is about how staff in all children's services meet their needs by working together to ensure that children reach their full potential.

www.scotland.gov.uk/gettingitright

Religious Observance

Through the ethos and curriculum, we provide opportunities for pupils to explore morals and values. We help learners develop their own beliefs, values and a responsible attitude to others. Pupils are encouraged to develop an understanding of Christianity and other religions. Pupils develop skills of reflection, critical thinking and how to act when making moral decisions. The school welcomes diversity and individuality while emphasising our common commitment to moral values such as honesty, respect for others, compassion and justice. It is a fundamental principle of the school that all who are involved in the life of the school have the right to be respected as individuals and carry the responsibility to act in a considerate and respectful manner towards others.

Under the terms of the Education (Scotland) Act 1980 "any pupils may be withdrawn by his/her parents from instruction in religious subjects and from religious observance" Parents wishing to exercise this right should discuss with the Head Teacher.

Sensitive Issues

Part of our curriculum involves teaching the children about issues which could be considered sensitive i.e. sexual health and relationships education or drugs and alcohol awareness. Parents should be assured that whenever these topics arise, we will communicate as appropriate with home. On some occasions we may send a letter just to raise awareness that specific issues are to be covered, on other occasions we will actively seek permission to include your child/ children in a series of lessons. If any parent is concerned about what is being covered within the curriculum however, they should feel free to speak to a member of staff about this.

Section 6: The Curriculum

Assessment

Assessment takes place continuously in every classroom within a process known as formative assessment. Teachers observe and talk to children and look at their written work to build up a picture of where each child is in their learning. Assessment tasks are planned and built into day to day learning activities.

From this, teachers help children to see how they can improve and what they need to practise. Self and peer assessment are important parts of this - pupils assess their own learning and help each other to improve.

Within the area of assessment, pupils' learning progress is also measured using standardised assessments which allow the school to develop diagnostic profiles of pupils' strengths and development needs. These assessments also allow comparisons with national levels of attainment. Currently, Scottish National Standardised

Assessments (a series of computer-based adaptive tasks) are used to support teachers' judgements of progress in P1, P4 and P7. The progress of every pupil is tracked throughout their school Career. These provide evidence of learning progress and aid reporting to parents/carers.

Reporting to parents

Throughout the year, teachers report to parents in a number of ways relating to the progress of the children. This takes the form of Parents' Evenings, Primary 7 Profiles, formal reports at the end of the school year and also opportunities for further meetings with staff throughout the year if required.

Transition to Primary 1

Whether your child is transferring from nursery to Primary 1 or from Primary 7 to secondary school or indeed transferring stage through school they will be entitled to support during this process. School staff make every effort to ensure that important information about your child, their learning and progress and any additional support they require is communicated to the teacher at the next stage of learning.

The school encourages parents to discuss these changes and the senior management team will be happy to meet with you to allay any concerns you may have over the new arrangements for your child.

Transfer to secondary school

When your child is due to leave the school at the end of Primary 7, he/she will be allocated a place at their catchment school. The move from primary to secondary school can be a daunting step for pupils and parents. To make this time in the pupils' school career more comfortable, we work closely with secondary schools to provide a range of transitional activities throughout Primary 7. These include Primary School visits from secondary school staff and also a 2 day visit to the secondary school where pupils follow a secondary school timetable. Around this time, secondary staff meet with the Primary 7 teachers to discuss the needs of the children.

Section 7: Support for Pupils

Most children make satisfactory progress in school and their education can be fully supported by their class teacher. Some children may, however, need additional support to help them access learning in the classroom. Assessment and planning for their needs will be done through a Child's Plan which identifies their strengths, barriers to learning and what action or support required to meet their additional needs. A very small number of children with significant and long-term additional support needs may meet the criteria for a Co-ordinated Support Plan. These will be children who receive a lot of support from people outside education; for example, from health and social work staff.

Support for learning takes place in every class and is the responsibility of all staff in the school. All of our pupils are encouraged to work to the highest level of their ability and extra help is available for children who may require it to help them achieve their potential. The Head Teacher, teachers and other staff work closely to ensure that children and young people's individual learning needs are met.

The work of Support for Learning staff is co-ordinated by the Head Teacher, is regularly reviewed and is based upon pupil need. Support may be given within the class or within another setting, and may be within a group although it is always based upon the needs of the individual child.

The procedures and processes by which an individual child's needs are identified and addressed are set out in Dundee City Education Department's policy on Supporting Learners. Central to this is the assessment of need using a staged intervention model and the involvement of parents. We also maintain very valuable partnerships within education and with agencies beyond to support pupils who have additional needs of any kind.

To help assess the specific needs of any pupil who may require extra help the school is able to call upon the services of an Educational Psychologist from Dundee Educational Psychology Service. Before such a step is taken, parents are always contacted and the reason for such a referral is fully explained and parental co-operation sought.

Section 7: Support for Pupils

As a parent/carer you can access a wide range of information with regard to additional support needs. The information is available both at your local school and on the Dundee City Council website on this internet page <http://www.dundee.gov.uk/education/support/>

The following are available for you at the above internet page.

Section 10: ScotXed Education Statistics Privacy Notice for Pupil and Teacher Data

These notices are intended to provide information to pupils, teachers and parents about data collected through Scottish Government Statistical Surveys including why it is needed, data policy and individuals' data protection rights. The changes in the latest version are intended to:

- Clarify that the information collected is about pupils/teachers in schools rather than solely related to the Pupil or Teacher Census.
- Continue to inform pupils, teachers and parents that the data may be shared with partners for statistics and research purposes and clarify that this could include linkage to other sources in line with the National Data Linkage Guiding Principles.
- Confirm that pupil/teacher names and address (other than postcode) are never collected.

Local authorities are responsible for ensuring pupils, teachers and parents are kept informed about how data will be used and that such information provided is reviewed regularly to ensure it is in line with best practice.
