D. Corporate Risk Impacts

Corporate Risk Implications:
The risk implications associated with the subject matter of this report are “business as normal” risks. The subject matter is routine and has happened many times before without significant loss. There is comfort that the risks inherent within the activity are either transferred to another party, shared equally and fairly between the Council and another party or are negligible.

Corporate Risk Mitigating Actions:
The draft policy on commercial sponsorship per appendix 1 of report 19-2020 prohibits any sponsorship or advertising that represents a conflict of interest or is likely to cause serious or widespread offence. There should be no real or apparent conflict between the objectives and community goals of the Council and those of the sponsor.
