

## **Dundee Local Development Plan Scheme 2020**

This Development Plan Scheme 2020 is published by Dundee City Council with regards to the preparation of the Dundee Local Development Plan. It contains updated information on the progress made towards preparing the Dundee Local Development Plan and timescales for the main stages of the plan preparation process.

### Background

The Planning etc (Scotland) Act 2006 introduced a process for the preparation of Strategic Development Plans covering the four main city regions of Scotland and preparation of Local Development Plans.

The preparation of the Strategic Development Plan for this area is undertaken by the TAYplan Strategic Development Planning Authority (SDPA), whilst Dundee City Council undertakes the preparation of the Dundee Local Development Plan.

This Development Plan Scheme refers only to the Dundee Local Development Plan.

The TAYplan Strategic Development Plan was approved in October 2017 and along with the Dundee Local Development Plan 2019 form the statutory Development Plan for the Dundee City Council Area.

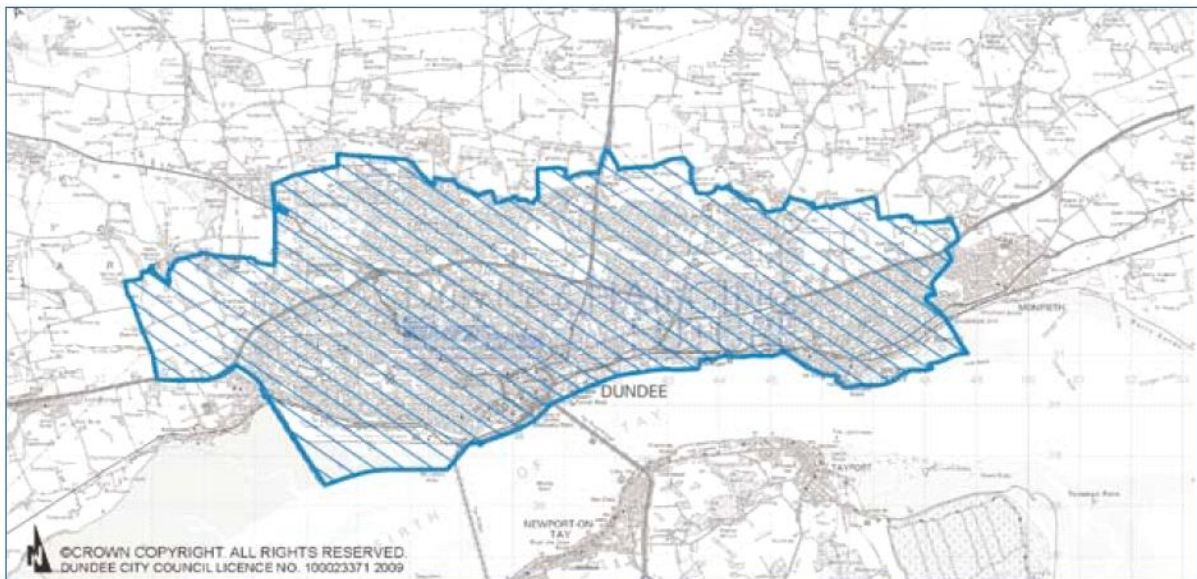

Supplementary Guidance on a specific planning topic may be prepared and when adopted forms part of the Development Plan. The adopted Dundee Local Development Plan 2019 identified Supplementary Guidance to be prepared in relation to:

- Air Quality and Land Use Planning;
- Householder Development;
- Developer Contributions; and
- Low and Zero Carbon Technology in New Development.

The Supplementary Guidance for Air Quality and Land Use Planning, Householder Development and Developer Contributions have all been prepared and adopted. The Guidance for Low and Zero Carbon Technology is currently being prepared.

The Dundee Local Development Plan 2019 covers the entire Dundee City Council administrative area and will remain as the statutory Plan until such time as a replacement Local Development Plan is adopted. It is currently a requirement that all plans be replaced within 5 years.

### Strategic Environmental Assessment

The Environmental Assessment (Scotland) Act 2005 makes Strategic Environmental Assessment (SEA) a legal requirement for certain plans, programmes and strategies, including the Local Development Plan.

The purpose of SEA is to provide proper consideration for the environment by ensuring that environmental issues are considered by decision makers alongside economic and social issues. This is achieved by systematically assessing the potential significant environmental effects of the Plan. The process involves a number of key stakeholders including the Scottish Environment Protection Agency, Scottish Natural Heritage, and Historic Scotland.

The SEA is undertaken in conjunction with the preparation of the Local Development Plan and the findings published in an environment report.

More information on Strategic Environmental Assessment is available from the [Scottish Government Website](#).

### Habitats Regulation Appraisal

A Habitats Regulation Appraisal (HRA) is mandatory under the Conservation (Natural Habitats) Regulations 1994, as amended. Its purpose is to screen which policies or proposals may have an impact on the conservation objectives and qualifying features of Special Conservation Areas or Special Protection Areas.

The preparation of the HRA is undertaken in consultation with Scottish Natural Heritage and the outcomes published alongside any Proposed Dundee Local Development Plan.

### Preparing a New Dundee Local Development Plan

#### Stages

The main stages of the process to prepare and implement the Local Development Plan are:

- Preparation and regular updating of a Development Plan Scheme, including Participation Statement (this document);
- Preparation and Publication of a Monitoring Statement;

- Preparation and Publication of a Main Issues Report and Environment Report;
- Preparation and Publication of a Proposed Plan, and Proposed Action Plan;
- Submission of the Proposed Plan, Action Programme, Habitats Regulations Appraisal, Environmental Report and statement of conformity with the Participation Statement to Scottish Ministers;
- Examination (to consider any outstanding representations);and
- Adoption of Plan and Action Programme

Following publication of the Development Plan Scheme in 2015, Dundee City Council completed these steps and adopted the current Dundee Local Development Plan in January 2019.

The Local Development Plan is currently required to be reviewed every five years to ensure that an up to date Plan is in place at all times. This Development Plan Scheme sets out the intended timescale for the review of the existing Local Development Plan in order to ensure that an up to date plan is in place at all times.

Documents associated with the Dundee Local Development Plan and its review can be viewed on Dundee City Council's website at:

- Private Sector groups (including business, retail and housing development interests);
- Established Community Groups (including Community Councils);
