# Development Site Assessment

---

In the preparation of the Dundee Local Development Plan 2019, a [Development Site Assessments](#) document was prepared to identify development sites for inclusion within the plan.

The [Strategic Environmental Assessment \(SEA\)](#) and [Habitats Regulations Appraisal \(HRA\)](#) have assisted in identifying the most appropriate locations for development in terms of potential impacts on the environment which is reflected through the assessments.

In addition each site assessment summarises the position of Key Stakeholders through identifying potential constraints as well as development requirements and opportunities.

It is intended that the document will provide an informed basis for the consideration of proposals which come forward over the period of the Dundee Local Development Plan 2019. This includes the need to consider whether certain studies need to be carried out or important features identified through the assessment process given careful consideration.

The following extract is for site reference H40: Former Longhaugh Primary School.

Any development proposed on this site needs to consider and comply with the following planning policy documents and material considerations:

- [TAYplan Strategic Development Plan 2017](#)
- [Dundee Local Development Plan 2019](#)
- [Developer Contributions Supplementary Guidance](#)
- [Whitfield Planning Framework](#)
- [Whitfield – Sustainable Urban Drainage Systems](#)
- [Whitfield – Green Infrastructure](#)
- [Green Network Planning Guidance](#)

## General Design Requirements

The following Local Development Plan policies are relevant to development on this site. The requirements of these policies should be considered and complied with as part of any development proposals. The following list of policies is not exhaustive and the Local Development Plan will be considered in full as part of a planning application for this site.

Policy 1: High Quality Design and Placemaking  
Policy 2: Public Art Contribution  
Policy 9: Housing Land Release  
Policy 10: Design of New Housing (Appendix 4 Standards)  
Policy 28: Protecting and Enhancing the Dundee Green Network  
Policy 37: Sustainable Drainage Systems  
Policy 39: Environmental Quality  
Policy 41: Land Contamination  
Policy 44: Waste Management Requirements for Development  
Policy 46: Delivery of Heat Networks  
Policy 48: Low and Zero Carbon technology in New Development  
Policy 54: Safe and Sustainable Transport  
Policy 56: Parking

The design requirements for the site are set out in policy through the development plan as well as the Whitfield Planning Framework and related documents. Particular consideration should be given to the following site specific design requirements:

- Seek to provide high quality housing in terms of design and layout;
- The layout should enhance and improve the footpath and cycle network North to South and East to West to encourage active travel and improve access to services and amenities in the surrounding area;
- The layout should provide natural surveillance with housing orientated to overlook vehicular routes and areas of open space;
- Vehicular access from Fintry Terrace with potential for direct vehicular access for a number of properties along Longhaugh Road.
