Monitoring and Reporting

Any changes in circumstances where a childcare provider is no longer entitled to a payment under the Scheme should be e-mailed to smhss@dundeeccity.gov.uk as soon as reasonably practicable.

The scheme is subject to Audit. Dundee City Council can at any time request attendance records and receipts of proof of purchase to audit any submitted claims.

Transition from UK Nursery Milk Scheme (NMS)

To ensure there is no gap in provision for day care providers and childminders the following transition process has been agreed:

- Any milk provided to the children in settings on the current scheme up to and on 31 July 2021 will be funded by the UK NMS via the current claims and reimbursement model through the National Milk Reimbursement Unit
- Any milk provided on and after the 1 August 2021 will be the funded through the new Scottish Scheme
- Claims for milk provided up to and on the 31 July can be submitted to the UK NMS for 6 months i.e. before 31 January 2022 (this is currently managed centrally for our Local Authority ELC settings).

Payment Amounts (Private, Voluntary, Independent (PVI) and Childminders)

The Scottish Government has agreed a Local Serving Rate for the Scheme for Dundee City Council for year 1 (1 August 2021- 31 July 2022).
